DEPARTMENT OF THE ATTORNEY-GENERAL

"LAND ACT"

WHEREAS it is proposed, in accordance with the provisions of the "Land Act," to grant to Inland Natural Gas Co. Ltd. (hereinafter called the "Company") rights-of-way over certain Crown lands for the purpose of constructing and operating a pipe-line in connection with the Company's undertaking:

And that the Company has submitted that it would be expedient and in the interests of all concerned if the title conferred by these grants could be registered under the provisions of the "Land Registry Act":

And that the "Land Registry Act" permits registration of these estates only where the title of Her Majesty appears in the register, and accordingly the Legislature has endowed the Lieutenant-Governor in Council with power to make regulations permitting and governing the registration of these estates as enacted by section 257 (2) of the "Land Registry Act":

And that in certain areas the grant will be issued on the basis of a preliminary or interim type of plan of the right-of-way, based upon the plans prepared for the Department of Railways, showing a width of the right-of-way not exceeding eighteen hundred feet, in order to allow sufficient width to determine the dimensions of the right-of-way when the pipe-line is actually constructed, and that the width of the final right-of-way will, except in special cases, be reduced to sixty feet, and it is therefore expedient to prescribe regulations governing the preliminary and final surveys of the right-of-way:

Therefore, His Honour the Lieutenant-Governor in Council has been pleased to order that, under the provisions of the "Land Registry Act," and all other powers thereunto enabling, the following regulations be made:—

1. A Crown grant of the right-of-way in favour of the Company shall be transmitted to the proper Land Registry Office, and when received the Registrar shall enter Her Majesty as the owner of the land described in the Crown grant in the register, and, upon application being made for the registration of the Company's title to the right-of-way, and upon compliance with the provisions of the "Land Registry Act" and of these regulations in so far as they are applicable, shall register the title by endorsing a memorandum thereof on the register; provided that the boundaries of the land described in the Crown grant and in the register shall be subject to amendment to conform with the boundaries as defined by the final plan, as under Regulation 4, and in accordance with the procedure prescribed under Regulation 5.

2. On completion of construction of the pipe-line, the right-of-way shall be reduced and surveyed to a total width of sixty feet, except where a greater width is deemed necessary, and subject to the approval of the Surveyor-General.

3. Where the final location of the pipe-line is determined before construction, the final survey may be made before construction, except for posting, but such posting shall be carried out within nine months after the completion of construction of the pipe-line.

4. Within nine months after completion of construction of the pipe-line the Company shall prepare a final plan of the right-of-way, based upon a

survey in accordance with the provisions of the "Land Registry Act" and the regulations which the Surveyor-General has issued or may issue, and shall deposit such copies of the plan with the Surveyor-General as he requires. The Surveyor-General shall, after approval, transmit the necessary number of copies of the plan to the proper Land Registry Office for deposit.

5. When the final plan has been deposited in the proper Land Registry Office, the Registrar shall amend the register which shows Her Majesty's title to the land comprising the right-of-way and the title of the Company by striking out the description of the land therein and substituting therefor the description of the land according to the final plan, and shall endorse a note of the Order in Council on the register; the latter description shall limit and govern the boundaries of the right-of-way and shall relate back to and have the same force and effect as if that description were contained in the original Crown grant of the right-of-way and registered in the register.

"TOLL HIGHWAYS AND BRIDGES
AUTHORITY ACT"

PURSUANT to the provisions of the "Toll Highways and Bridges Authority Act," being chapter 37 of the Statutes of British Columbia, 1953 (Second Session), His Honour the Lieutenant-Governor in Council has been pleased to approve the following regulations respecting the use and operation of the Agassiz-Rosedale Toll Bridge, to be known as the "Agassiz-Rosedale Toll Bridge Regulations":—

AGASSIZ-ROSEDALE TOLL BRIDGE REGULATIONS
Interpretation

1. In these regulations, unless the context otherwise requires:—

"Authority" means the British Columbia Toll Highways and Bridges Authority, and, in respect of the granting of permits, includes any person designated by it in writing for that purpose;

"Bridge" means the Agassiz-Rosedale Toll Bridge constructed over the Fraser River between Agassiz and Rosedale, under authority of the "Toll Highways and Bridges Authority Act," and the approaches to the same extending from the intersection of the north approach and Whelpton Road, in Kent Municipality, immediately north of the toll-gates, to the intersection of the south approach and the south bank of Camp Slough at Windermere Island in unorganized territory.

Speed of Vehicles

2. No person shall drive or operate a motor-vehicle across the bridge at a speed of less than 10 miles per hour, nor a horse-drawn vehicle at a speed greater than a walking pace or less than 2 miles per hour, except where a permit has been first obtained from the Authority, or except where the vehicle is mechanically or otherwise disabled, or when necessary to avoid an accident or injury to persons or property.

Stop and Other Signs

3. (1) If the Authority erects on the bridge a sign displaying to the driver of an approaching vehicle the word "stop," either alone or accompanied by other words, the driver of every such vehicle shall, while at a distance of not more than 20 feet from the sign and before proceeding to pass beyond the sign, bring his vehicle to a complete stop.

(2) The Authority may cause to be erected such other signs as it may consider necessary for the proper direction and control of traffic using the bridge, and it shall be the duty of all persons driving or operating any vehicle to comply with the directions indicated by such signs.

Parking of Vehicles

4. (1) Except as provided in Regulation 4 or in the case of a vehicle which has become so mechanically disabled as to prevent same proceeding, no person shall stop, park, or leave standing any vehicle on any portion of the bridge set aside for vehicular traffic, except when same is necessary in order to avoid accident, injury, or damage to any person or property, or in compliance with the instructions of an officer or constable of the Royal Canadian Mounted Police, or under the direction of a sign or signal given by an officer or servant of the Authority.

(2) No person shall make repairs to any vehicle or make a tire-change on the bridge, except with the authority of an officer or constable of the Royal Canadian Mounted Police or except when such repairs or tire-change are carried out in the presence of an officer or servant of the Authority.

(3) In the event of the breakdown or other disablement of a vehicle on the bridge, it shall be the duty of the driver or operator of the vehicle to give notice immediately to the officer or servant of the Authority in charge of the toll-booth or to an officer or constable of the Royal Canadian Mounted Police, who will, as quickly as possible, arrange for the necessary towing of the broken-down vehicle, or the supplying of gasoline to the vehicle, or the provision of such other assistance as may be necessary; all charges in connection with the towing, gasoline, or other assistance shall be paid for by the operator or owner of the vehicle before it is removed from the bridge.

(4) In the event of the breakdown or other disablement of a vehicle on the bridge or in the event of a vehicle being unlawfully stopped, parked, or left standing on the bridge, any duly authorized officer or servant of the Authority may remove or cause the said vehicle to be removed from the place where it is so found, and all charges or costs in connection with such removal shall be paid by the operator or owner of the vehicle before it is removed from the bridge or returned to the operator or owner thereof.

No U-turns

5. No person driving or operating a vehicle on the bridge shall make a U-turn or otherwise reverse the direction in which the vehicle is proceeding, except by order of an officer or constable of the Royal Canadian Mounted Police or an officer or servant of the Authority.

One-way Traffic

6. The Authority may cause to be erected signs or signals indicating portions of the approaches to the bridge on which vehicles shall proceed in one direction only and indicating the direction in which vehicles shall proceed, and all vehicles using the said approaches shall then proceed thereon only as such signs or signals indicate, unless otherwise ordered by an officer or constable of the Royal Canadian Mounted Police or by an officer or servant of the Authority.

Certain Vehicles May Not Use Bridge

7. No person shall drive, operate, or propel any of the following classes of vehicles on the bridge:—

- (a) Vehicles with pneumatic tires which are flat or not inflated with air, unless otherwise permitted by an officer or constable of the Royal Canadian Mounted Police or by an officer or servant of the Authority;
- (b) Horse-drawn vehicles equipped with metal tires and having a gross weight (vehicle and load) in excess of 3 tons, except where a permit has first been obtained from the Authority;
- (c) Push-carts, wheelbarrows, or similar vehicles, except where a permit has first been obtained from the Authority;
- (d) Any vehicles or class of vehicles which, in the opinion of the Authority, are likely to endanger persons or property or to render the use of the bridge unsafe.

Rules for Pedestrians

8. Pedestrians shall not cross the bridge at a speed of less than 2 miles per hour and shall, when crossing, continue in one direction only, without stopping.

Tolls

9. (1) The Authority may erect and maintain at or on the bridge a toll-booth or toll-booths and may appoint and employ all necessary toll collectors and other officials necessary to direct and control them in the performance of their duties; all persons so appointed and employed shall be under the direction and control of the Authority.

(2) It shall be the duty of every toll collector appointed under this regulation to collect and enforce payment of the tolls imposed by this regulation and otherwise to enforce due observance of the provisions of this regulation.

(3) Every person who enters upon or uses the bridge shall be liable for and shall pay tolls according to the rates fixed by the Authority, unless such person or vehicle which he is then operating is exempted by the Authority from the payment of tolls.

(4) No person shall pass or attempt to pass any toll-booth erected at or on the bridge without first paying the appropriate toll for himself and any vehicle then being operated by him.

Penalties

10. Every person who violates any provision of these regulations, or who refuses or neglects to observe or perform any duty or obligation created or imposed by these regulations, or who directly or indirectly evades or attempts to evade the payment of any toll which he is required to pay under these regulations, shall be liable, on summary conviction, to a fine of not more than \$300.
